

# CONSULTING WITH LOCAL DISABILITY GROUPS

**On the 15th September we had a visit from Disability Action Group at the Airport. The group had a tour of the Airport which included the check-in process and the security process. This visit enabled the Airport to gain feedback and recommendations for improvement regarding the PRM process at City of Derry Airport.**

As Part of our commitment to consult with disability groups we have scheduled visits planned throughout summer 2016 from local agencies including Alzheimer's Society NI, Age Concern NI and Autism Initiatives NI. These visits will raise awareness around different disabilities and will give staff further guidance.

If you are a member of a disability group based in Northern Ireland and you feel that we could be of assistance to you or your group then please contact: [info@cityofderryairport.com](mailto:info@cityofderryairport.com)
