## **City of Derry Airport Tariff and Terms of Use**

1st Apr 2024 to 31st March 2025

This document sets out the City of Derry Airport (CoDA) Tariff and Terms of Use for the period 1<sup>st</sup> April 2024 to 31<sup>st</sup> March 2025, unless the user is notified by CoDA. This document supersedes all previous versions of the CoDA Tariff and Terms of Use.

## Section One      CoDA Facts

### *1. Airport Facts*

City of Derry Airport (CODA) is located approximately 10 minutes from Derry/Londonderry in Northern Ireland, on the shores of Lough Foyle. The airport is located at the heart of the Wild Atlantic Way and Causeway Coast Route – in County Londonderry, in between County Donegal and County Antrim.

The airport is ideally placed to serve not only the city but is natural catchment area in County Derry/Londonderry, Donegal, North Antrim, Tyrone and Fermanagh. It serves as the main gateway to the entire North West of Ireland and is the closest airport to Northern Ireland's number one tourist attraction, The Giant's Causeway.

CODA currently serves a range of destinations across the UK and beyond, with direct services to London Stansted, Liverpool and Glasgow available with Loganair and Manchester with Ryanair.

Corporate Aviation facilities including a hangar are located on the western apron. CODA operates an FBO and Corporate handling services.

## Major Events

City of Derry Airport Corporate Aviation may charge an additional fee for a major event if priority or exclusive access is requested by a carrier.

## Payment Terms

Payment will be made in full by cash or credit card.

A credit application form can be obtained on request. A request for credit will be considered by the Finance and Administration Manager following a credit check. To allow this process to be undertaken, the form must be submitted by the carrier 14 days in advance of the movement.

## Fuel

CODA offer Avgas and Jet A1 fuel.

CODA does not currently accept fuel cards.

## 5. Home Based Operator

Credit account holders, who have agreed to pay the annual fees in advance to the end of the financial year are eligible to apply for home-based operator (HBO) discounts.

### 5.1 HBO Discounts

Home based operators are offered the following rates which are inclusive of unlimited movements and circuits and are based upon monthly payment by direct debit of the annual fee divided by 12.

Operator Status	Engine Number	Annual Fee Movements and Parking	Annual Fee Movements and Hangarage
Private*	Single Engine	£1535	£2201
Private*	Multi Engine	£2428	£3089
Club or Flying School*	Single Engine	£3327	£4001
Club or Flying School*	Multi Engine	£6031	£6693

\* Not greater than 3 tonnes MTOW. Rates on application for HBO aircraft 3 tonnes MTOW or greater,

\*\* Hangarage or Parking charges as applicable

HBO rates applicable to Fixed Wing or Rotary.

Any other operator package will only be applicable with the agreement of the Airport Manager (contact details provided within Section One, CoDA Facts).

A 20% discount will apply to the above charges if the operator pays for a full year in advance.

## **5.2 HBO Surcharge**

A surcharge of 10% will be applied to the annual charge unless:

- A credit account is agreed and in place; and
- The HBO agrees to pay the above fees within 30 days of invoice date by BACS / cash /cheque.

Note: Operators must pay the landing fee and hangarage / parking elements of the HBO discount. Aircraft inactivity will not entitle the operator to further discounts; however, the above hangarage / parking charges may not be applicable to operators with private hangarage at CODA. Full details of personal hangarage at CODA must be supplied with HBO discount application.

## **5.3 Insurance**

All aircraft using this aerodrome, or its facilities are required to have third party liability insurance cover in accordance with the requirements of EC Regulation 785/2004 at all times. A copy of Insurance Certificate should be forwarded with any Credit / HBO application.

## **5.4 Credit account**

To open a credit account the operator must complete and return the credit application document listing any aircraft required to be covered by the credit account on "Airline Info" document. Credit will be extended to credit customers on items such as fuel sales, oil sales and aerodrome extensions. However, HBO annual fees are required to be paid in advance.

## **5.5 Annual Invoice**

HBO Operators are required to pay all annual fees in advance of the period. HBO fees normally cover the period 1<sup>st</sup> April to 31<sup>st</sup> March.

## **5.6 Monthly Invoice**

Credit customers will receive an email containing an activity report plus invoice for each calendar month normally by the 5<sup>th</sup> working day of the following month, detailing the breakdown of the amount to be invoiced. The operator must check this amount and raise any query with the CODA Finance and Administration Manager within five days of the e-mail date.

If you have any queries regarding your Credit Account, please contact CODA Finance and Administration Manager.

## **5.7 Refunds**

Refunds will not be payable for temporary periods where operators position aircraft to other airports. Operators may cancel HBO agreements for these periods and reapply for HBO status when the aircraft is due to return. In exceptional circumstances refunds may be authorised upon application to the Finance & Administration Manager.

## **5.8 Cancellation of HBO Agreement**

Operator wishing to cancel a HBO agreement prior to its complete term (end of financial year) must contact the CODA Finance and Administration Manager in writing. Agreements cancelled prior to the full term will lose eligibility to HBO discounts.

## **6. Ancillary Charges**

### **6.0 PSV Access**

PSV access to the Terminal Forecourt for passenger carriage on scheduled bus routes will be subject to prior agreement with CODA.

Occasional PSV access to the Terminal Forecourt for collecting or dropping off passengers will be subject to the short-term car park charges.

PSV and off airport car park operators who wish to regularly access the Terminal Forecourt / car parking area for the collection and drop off passengers will be required to enter into a commercial agreement with CODA prior to being permitted access into the car park. The commercial agreement will require the operator to purchase an access licence following proof of compliance with all statutory requirements. The licence is available at a cost of up to £10,000 per annum payable monthly in advance. Please contact the Commercial and Marketing Manager for more details.

### **6.1 Disbursements**

Any disbursements made by the airport on behalf of a carrier will be reimbursed by the carrier at cost plus an accounting charge of 20% and subject to a minimum charge of £38.12.

### **6.2 Collections**

Income collected by the airport on behalf of a carrier will be remitted after deduction of an accounting charge of 20%.

### **6.3 Labour**

If a third-party requests labour for a task not included in any commercial charging the cost will be £60.50 per person per hour inside published hours and £101.20 per person per hour outside of published hours

### **6.4 Fire Response**

If a third party requires the attendance of the airport Rescue and Fire Fighting Service for non-emergencies a charge will apply. For each incident the charge payable will be £508.20.

### **6.5 Filming and Photography**

Filming within the airport site is not permitted unless authorised in writing by the Managing Director. If permission is granted, landside and airside filming must be accompanied by an airport member of staff. Please contact the Marketing Department for further information: [marketing@cityofderryairport.com](mailto:marketing@cityofderryairport.com).

## 6.6 Escorting

Charge per hour or part thereof for one member of staff £63.53

## 6.7 Contamination of Airfield and Estate

Where there is a spillage involving hazardous substances, which requires the company to take prompt action to control, contain, remove, clean up or otherwise dispose of such substances a minimum response charge of £381.15 applies. This charge includes up to 1 bag of absorbent material, 1 boom and 2 absorbent pads and up to 1 hour of labour for 1 person. Should additional material/equipment and/or labour be required, the following charges apply:

- Absorbent Material £22.87 per Bag
- Absorbent Boom £33.15 Per Boom
- Disposal of Waste £38.12 Per Bag
- Absorbent Pads £2.55 Per Pad
- Labour Refer to section £13.21 Per Person
- Other incurred charges such as those for external contractors, environmental fines and compliance charges may also be recharged where applicable.

## 6.8 Safeguarding and Pre-Application Planning Advice

City of Derry Airport offers a competitive pre planning service to all developers and construction companies. We welcome pre-planning application discussions on wind farms, photovoltaic / solar arrays and any other developments or issues that might have an impact on aerodrome safety and operations.

In order that CODA can provide a service of a consistent and high standard a charge is levied. This charge does not apply to small individual domestic wind turbines with a hub height of less than 10m or domestic roof mounted photovoltaic panels.

A report will be provided to ensure that any aviation specific safety issues are identified, and advice will be given on suitable mitigation options. We will also advise on any relevant documentation to include at the time of planning submission.

Advice is provided without prejudice to the consultation response made by City of Derry Airport to the Planning Service in relation to the submission of a planning application.

- Pre-Application advice for up to 2No wind turbines - £317.65
- Pre-Application advice for up to 4No wind turbines - £444.70
- Pre-Application advice for more than 4No wind turbines - £952.90
- Safeguarding assessment of photovoltaic / solar array - £254.10
- Pre-Application advice for any other development / site - £254.10
- Further advice to include meetings - £317.65 per meeting

On occasions particularly in respect of wind turbine farms, specialist advice will be required to assess technical radar line of sight and an aviation operational impact assessment. If required, this advice can be procured by CODA and will be charged at cost plus 10%.

It is strongly recommended that developers of wind turbine installations conduct pre application discussions with CODA. CODA will offer advice that will ensure that subsequent planning applications do not conflict with the safety of CODA aircraft operations.

## **6.9 Passes**

Security pass charges are subject to VAT

• Full Security Pass	£54.63
• Replacement Security Pass (lost/damaged/stolen)	£54.63
• 1 to 5 Day Temporary Escorted Visitor Pass	£4.80

## **7.0 Liability**

All services provided by City of Derry Airport Limited, its employees, servants or agents are provided subject to the Terms and Conditions of Use City of Derry Airport a copy of which follows.

## Section Three Terms of Use

### 1. Value Added Tax

The charges in this schedule are exclusive of VAT which will be charged in accordance with the provisions of the Value Added Tax Act 1994 or with any subsequent replacement or amending Act, Order or regulation.

### 2. Terms of Use

2.1 The Airport reserves the right to vary the terms, conditions, and charges at any time.

#### Financial

2.2 Airlines and ground handlers must provide to the Airport Authority in a format defined by the Airport Authority from time to time the name, postal address, phone, fax, email address, IATA/ICAO prefix and local City of Derry Airport SITA address of the organisation which is to be invoiced for airport.

2.3 All payments in respect of airport charges are to be made to the CODA Operations Limited.

2.4 Operators who have not previously entered into credit arrangements with the Airport Authority and who wish to be afforded credit facilities should make an application in writing to the Airport Authority through the Finance and Administration Manager (contact details shown below).

2.5 Where credit terms have been agreed in accordance with paragraph normal payment terms with the Airport Authority will not exceed thirty days after invoice date.

2.6 All airport charges in respect of an aircraft must be paid by the aircraft operator or registered owner before the aircraft departs from the airport unless prior credit arrangements have been granted in writing by the Airport Authority. Where credit terms have not been specifically agreed or where they have been exceeded, cash/credit card settlement in respect of airport charges due will be required before the aircraft departs from the airport. All credit arrangements (which may be subject to change) are totally at the discretion of the Airport Authority.

2.7 Payments due shall be made in full without deductions unless there is a prescribed statutory basis for making any such deduction. Without the express written consent of the Airport Authority, the operator shall not be entitled to make any set off against or deduction from the charges invoiced, in respect of any claim that he may have against the Airport Authority or otherwise.

2.8 Where credit has been expressly granted the account must be settled within the specified credit period in respect of the goods and/or services provided, otherwise late payment interest and compensation may be charged in accordance with the provisions of the Prompt

Payments of Accounts Act, 1997 as amended by S.I. No 388 of 2002 (European Communities (Late Payments in Commercial Transactions) Regulations 2002) and their successors. In the event that a customer wishes to query or dispute any of the transaction details set out on an invoice it is a requirement that any such query or dispute be made within 14 days of invoice date. Such notification to be made to the following address:

### Liability & Insurance

- 2.9 Neither the Airport Authority, nor its respective servants or agents shall be liable for the loss of or the damage to the aircraft, its parts or accessories or any property contained in the aircraft, occurring while the aircraft is on the airport or is in the course of landing or take-off at the airport, arising or resulting directly or indirectly from any act, omission, neglect or default on the part of the Airport Authority, or its servants or agents unless done with intent to cause damage or recklessly and with knowledge that damage would probably result. In any event neither Airport Authority nor their respective servants or agents shall be under any liability whatever for any indirect loss and/or expense (including loss of revenue) suffered by the operator.
- 2.10 The Airport Authority will invoice the party or parties responsible for the full costs of any clean up or repair of damage to airport property.

### Information

- 2.11 All airlines and ground handlers are required to provide to the Airport Authority passenger and cargo related information as outlined below in a format defined by the Airport Authority from time to time:
- Total number of terminal, transfer and transit passengers, including the class, children, infants and jump seat passengers.
  - Total weight of flown and trucked cargo and mail which is embarked and disembarked at the airport by the airline/ground handler.
  - For validation purposes, airlines and ground handlers are required to maintain information on transfer passengers in a format as specified by the Airport Authority from

time to time. In order for airlines to avail of reduced transfer passenger charges, the Airport Authority is entitled to audit and review this information on a regular basis; and

- The Airport Authority may request the provision of copies of aircraft load sheets to enable verification of all details with respect to the passengers carried on any or all flights departing from that airport during a specified period.

2.12 The airlines on an ongoing basis shall also provide or ensure that its handling company provides to the company details of all aircraft operations by the timely transmission of complete and accurate operational data as set out in paragraph 2.13 below preferably by automatic electronic means using and conforming to IATA messaging and communication standards. Where such electronic transmission is not possible alternative transmissions procedures must be specifically agreed with the Airport Manager's office.

2.13 Complete and accurate operational data as set out above must be transmitted before midnight UTC of the calendar day of operation.

2.14 The required operational data includes:

- Turnaround linked flight numbers and registrations (including changes).
- Aircraft registration (including aircraft substitutions).
- Variations to schedule (including flight number, aircraft type, route and scheduled time of information).
- Estimated times of operation.
- Actual times on and off stand.
- Flight plan call signs.
- Baggage information services BSM messages.
- Regarding new and amended ownership or registration details these can be advised on the Aircraft Fleet Declaration Form (AFDF) as soon as they become available. These specific details can be sent to the AFDF at any time. The AFDF is available from Michael Edwards by emailing [Michael.edwards@cityofderryairport.com](mailto:Michael.edwards@cityofderryairport.com)
- Airlines are required to supply the certificated Maximum Take Off Weight (MTOW) in kilograms and other specific aircraft details. The required information should be sent in electronic form to the email address [Michael.edwards@cityofderryairport.com](mailto:Michael.edwards@cityofderryairport.com) as outlined below:
- Aircraft submissions on MTOW will be rounded up to the nearest metric tonne.

- For the purposes of validation of the submitted aircraft weight data, relevant pages of the Approved Flight Manual or related information may be requested.
- In the absence of such MTOW and other relevant data being provided by the specified date on the City of Derry Airport AFDF document, the Airport Authority will use the values contained on the operator's AFDF received in the previous scheduling season. This information will be valid for one year only. If no AFDF was received in the previous scheduling season then the Airport Authority will use the most recently published values, for invoice calculation purposes and other operational requirements; and
- Following a request in writing made by the Airport Authority, an airline or handler acting on the airline's behalf must produce the original documents for inspection by the Airport Authority or any person duly authorised by the Airport Authority in writing.

2.15 The airline or ground handling company shall retain and keep proper and adequate records for inspection by the Airport Authority or its agents for a minimum period of 2 years.

2.16 Where the airline or its appointed handling agent fails to provide the information required as outlined in the previous sections within the specified period, the Airport Authority shall be entitled to assess and invoice the charges payable by the airline by reference to the most recently published values for the Maximum Take Off Weight and the maximum passenger capacity of the specific aircraft type.
